Our Philosophy

As an **ARTS** organization we take pride in knowing that we will not only mentor and professionally train your child. We also provide life-long skills and lessons that your children will carry with them far beyond their childhood years. As a training company, we build character within our kids through constructive criticism. We promote positive reinforcement, in a fun, yet disciplined, family environment. We have a youth performance company, that inspires to creatively and artistically engage in all areas of the ARTS. We take pride in not being a competitive organization that seeks extrinsic rewards. In fact, we teach our students that it is through hard work, discipline, and passion for the arts that they understand they are ALL winners. We prefer to place their value in their authenticity and assist them in honoring their spirit and not their ego. Last, we believe that our kids can be both a jack of all trades and a master of many!

Welcome Parents,

We look forward to a fantastic Creative Arts Summer Intensive! We truly enjoy sharing our vision of artistic and creative excellence. The students will experience engaging activities, workshops, and classes to build their confidence by a host of teaching artists.

Our focus is Musical Theater and we are excited to welcome Ms. Akirah Renee (Vocal Coach/Musical Theater Teacher) to our training and development team. She is a graduate from Berklee School of Music and has worked with JFly Studios. She was a background singer for Regina Belle and Dottie Peoples, worked with Show-N-Tell by Stepp Stewart playing the role of Mizz Bluesette and Unforgettable: the life of Nat and Natalie Cole by Nat George and has played several supporting roles. Our additional staff are working creatives in their fields and are excited to share their expertise with your kids.

This Handbook includes:
